Summary

Stepping up to better conditions!

Progress, sums up the first few months of the new year.

Over the past few months after ratifying our second Tentative Agreement, our priority as a union has been completing wording for our new Collective Agreement. At the Toronto base specifically, the communication between members and the union via submitting Issues of Concern have been Great! I continue to document these issues in the hopes of ceasing unjust practices at our company and we've had quite a few positive outcomes. If you don't know how to submit an Issue of Concern here is a summary:

1. Summarize your issue (Be sure to keep it clear and concise with specifics as to Who, What, When, Where & Why)
2. In the subject line put 'IOC or Issue of Concern,' be sure to CC yyz_vp@local4055.com in addition to a base representative.
3. Wait (max 10 days, before following up) to hear back from the YYZ supervisors.
4. Based on the response received advise the union how you would like to proceed, whether you need clarification or if you are satisfied with the response.

Lastly, your representatives in Toronto are looking for your suggestions on how to move forward with our current Committees. If you have any suggestions/ideas please feel free to send them to yyz_vp@local4055.com as we are currently brainstorming some new ideas.

In Solidarity,

YYZ Base Vice-President, Monique Redhead
